## Objective

Seeking a challenging role as a web developer in a dynamic organization where I can utilize my skills and experience contribute to the growth of the company.

## Work Experience

**Freelancing** 10/2020 - Nowadays
Freelancer

Helped small business to achieve their online presence and bring them closer to their customers.

## Project

**MI Blogs** 12/2023 - Nowadays
MI Blogs

MI Blogs is a blog website that aims to provide blogging features to users while enabling abilities that are not seen in other platforms for free. For example, if you make a post and discover later on that you made a mistake, you can click on the edit button and edit the post. On Twitter / X, this feature is only present to premium subscribers while MI Blogs gives this for free. And also MI Blogs provide statistics about how your blog is performing all within your dashboard.

**Luckywho** 12/2023 - Nowadays
Luckywho betting website

Luckywho website is a platform where you can buy lucky numbers which are in form of tickets and then win. The way this is been done is by providing the admin with a dashboard for creating competition and then generating a preferred number of tickets which would be associated with that particular competition and then users can now buy that tickets and an update would be sent directly to the provided E-mail

## Education

**National diploma in Mechanical Engineering** 01/2020 - 01/2022
Umaru Ali Shinkafi Polytechnic, sokoto.
